## Introduction

This guide is to assist those who are working with service members, Veterans and their families of the U.S. Armed Forces (a.k.a. the military community) in the state of Missouri.

Almost all who are currently serving or have served in the U.S. Armed Forces have access to resources specific for the military community, beyond those resources available to the general public. Knowledge about eligibility and access are frequently misunderstood. This guide lists and describes resources that specifically serve Missouri's military community, including Justice-Involved Veterans.

When working with service members and Veterans here are a few things to keep in mind:

- Not all service members and Veterans, including National Guard and Reserves, consider themselves a "Veteran". Some common reasons for this include: if they have never been deployed to combat, their job was in a supporting role and often females who have served may not feel they are a Veteran. Understand the definition of Veteran and *encourage all clients to apply for federal benefits*. Let the federal system determine their eligibility, not the client's perception of eligibility.
- The Veterans Health Administration's eligibility is complex and can be confusing to understand. *Encourage all clients who need health assistance to apply*. There are several ways a person may be eligible even if they are generally ineligible. For example, someone with a bad conduct discharge is ineligible for VA health services but if their condition can be contributed to Military Sexual Trauma (MST), they are eligible for services directly related to the MST regardless of their discharge status.
- Understand the military culture. Know the subcultures of the different branches and roles within the U.S. Armed Forces. Be prepared to respond to the concerns and challenges of the client. To learn more about the military culture, visit the Missouri Department of Mental Health's Veterans webpage, [www.dmh.mo.gov/veterans](http://www.dmh.mo.gov/veterans). Look in the *For Clinicians* section located under the Provider Map.
- Generally, the military community is not wired to ask for assistance, it is a closed society. They are conditioned to solve their own problems and not burden others with personal issues. When they come to you for help, be ready.

Information listed in the guide is current as of January 2019. This guide is for your convenience in connecting to resources. MO DMH and its project partners neither endorse nor take responsibility for the website content or services of other organizations.

## Definitions

### Active Duty

*Active Duty* personnel are members of the U.S. Armed Forces. They are full-time employees who are on call 24 hours a day/ 365 days per year and are a permanent force of the military.

### Armed Forces

*Armed Forces* refer to the United States Army, Navy, Marine Corps, Air Force, and Coast Guard, including the reserve components.

### Community-Based Outpatient Clinic (CBOC)

*CBOCs* are health care programs that allow the Veterans Affairs Medical Centers to provide Veterans with care in local community settings.

### DD 214

*DD 214* is the U.S. Armed Forces Certificate of Release or Discharge from Active Duty. It is a summary of a service member's most recent period of continuous active duty. It provides a brief, clear cut record of active duty service at the time of release from active duty, retirement, or discharge. This document is used as proof of service and normally used to verify military service for benefits, retirement, employment and character of separation.

### Discharge Status

*Discharge Status* refers to the conditions in which a service member was released from military service. There are five different types of discharges. The first three are given when a service member is administratively discharged, while the latter two are the outcome of the judicial process:

- Honorable discharge: the service member met the conduct and performance standards of the military. The service member will be eligible for most Veteran benefits under this discharge.
- General discharge under honorable conditions: service member's performance was satisfactory. However, fell a little short in expected military duty and conduct. Some examples include: failure to meet fitness and weight standards, failure to progress in training and minor discipline problems. The service member will be eligible for most Veteran benefits under this discharge.
- Other than honorable (OTH) discharge: The service member had some serious departures from the conduct and performance expected of a service member. Some examples of when you may receive this discharge include: abuse of authority, serious misconduct that endangers other members of the military, and use of deliberate force to seriously hurt another person. The service member probably won't be eligible to receive most Veteran benefits if under an OTH discharge. The Department of Veterans Affairs (VA), which provides most of the Veteran benefits, will examine the circumstances of the OTH discharge to determine whether they are eligible or not.

- **Bad conduct discharge (BCD)**: This is a punitive discharge that's imposed by court-martial, a criminal trial conducted by the military. The service member will not be entitled to any Veteran benefits under a bad conduct discharge.
- **Dishonorable discharge**: usually the service member committed a very serious crime. Examples include desertion, rape or murder. All Veteran benefits are lost with this discharge.

## **DoD**

*DoD* refers to the U.S. Department of Defense, the federal government agency in charge of the military.

## **Military Community**

*Military Community* includes service members, Veterans and their families.

## **Reservist**

*Reservist* is a member of the U.S. Armed Forces Reserves. They train at least one weekend per month and two weeks per year and are subject to mobilization (called to active duty). The eight reserve components of the U.S. Military are the Army Reserve, the Navy Reserve, the Marine Corps Reserve, the Air Force Reserve, the Coast Guard Reserve, the Army National Guard, the Air National Guard, and the U.S. Public Health Service Reserve Corps. National Guard members serve a dual mission, providing trained and equipped units to the states to protect life and property while providing to the nation units trained, equipped, and ready to defend the United States and its interests all over the globe. The National Guard is run by state governments except when called into federal service by the President. National Guard members can serve in the Air National Guard or the Army National Guard.

## **Service Member**

*Service Member* describes any member of the U.S. Armed Forces. There are five branches including Army, Navy, Air Force, Marine Corps, and Coast Guard. There are also the Public Health Service Commissioned Corps and the National Oceanic and Atmospheric Administration Commissioned Corps but they are Uniformed Services-not Armed Services. The term *Service Member* is inclusive of those who are *Active Duty* and *Reservists*.

## **VA**

*VA* refers to the U.S. Department of Veterans Affairs. There are three different administrations within the Veterans Affairs:

- **Veterans Benefits Administration (VBA)**. Provides a variety of benefits and services including compensation, pension, insurance, education, loan guaranty and more. <http://www.benefits.va.gov/BENEFITS/about.asp>
- **Veterans Health Administration (VHA)**. Provides the integrated healthcare system consisting of medical centers, community-based outpatient clinics, community living centers, Vet Centers and domiciliary. <http://www.va.gov/health/aboutvha.asp>
- **National Cemetery Administration (NCA)**. Provides burial and memorial services for Veterans. <http://www.cem.va.gov/>

## Veteran

There are several definitions of Veteran:

- MO State Law: 36.020 State Personnel Chapter  
(18) "Veteran", any person who is a citizen of this state who has been separated under honorable conditions from the Armed Forces of the United States who served on active duty during peacetime or wartime for at least six consecutive months, unless released early as a result of a service-connected disability or a reduction in force at the convenience of the government, or any member of a reserve or National Guard component who has satisfactorily completed at least six years of service or who was called or ordered to active duty by the President and participated in any campaign or expedition for which a campaign badge or service medal has been authorized.
- MO State Law: 42.002 Veterans Affairs Chapter  
As used in sections 42.002 to 42.135 and section 143.1001 unless the context clearly indicates otherwise, the following terms mean: (5) "Veteran", any person defined as a veteran by the United States Department of Veterans' Affairs or its successor agency.
- Federal Law: 38 U.S. Code 101 – Definitions  
(2)The term "veteran" means a person who served in the active military, naval, or air service, and who was discharged or released therefrom under conditions other than dishonorable.
- Veteran Affairs (Veterans Health Benefit Handbook-May 2015)  
A person who served in active military, naval or air service and was discharged or released from service under conditions "other than dishonorable".

## **Compensation Benefits**

*(Veterans Compensation Benefits through the Veterans Benefits Administration (VBA))*

**What is Service-Connected Disability Compensation?** Disability compensation is a monetary benefit paid to Veterans who are determined by the VA to be disabled by an injury or illness that was incurred or aggravated during active military service. To be eligible, the Veteran must have separated or discharged under conditions other than dishonorable.

Service-connected disability ratings are important for Veterans because the type of VA benefits they receive is determined by the rating. An example is the VA's Vocational Rehabilitation & Employment program. To be eligible for this program, a Veteran must have at least a rating of 20% with an employment handicap, or 10% with a serious employment handicap.

**What is Non-Service Connected Pension?** VA helps Veterans and their families cope with financial challenges by providing supplemental income through the Veterans Pension benefit. Veterans Pension is a tax-free monetary benefit payable to low-income wartime Veterans. Some basic eligibility requirements include being discharged from service under other than dishonorable conditions and having at least 90 days of active duty service, with at least one day during a wartime period. Additionally:

- age 65 or older, OR
- totally and permanently disabled, OR
- a patient in a nursing home receiving skilled nursing care, OR
- receiving Social Security Disability Insurance, OR
- Receiving Supplemental Security Income

To learn more about eligibility and to apply, visit a Veterans Service Office (contact information is on the next two pages).

***Encourage all service members and Veterans to connect with an accredited Veterans Service Officer to discuss seeking compensation benefits.***

### **Missouri Veterans Commission Service Officers Program**

The Missouri Veterans Commission provides Veterans Service Officers (VSOs) throughout the state. VSOs can assist a Veteran, widow/widower of a Veteran, child of a deceased or disabled Veteran, or a parent who has lost a son or daughter in military service regarding the Veterans earned benefits from the VA.

Veterans Service Officers provide counseling and assistance when a Veteran has questions about compensation, pensions, education benefits, life insurance, medical benefits, state benefits and burial benefits. These trained professionals will also assist with completing and submitting claims applications to make sure all necessary documentation is attached. A VSO will maintain a case file for each Veteran and is always available to provide information, referrals, and advocates on behalf of the Veteran.

Missouri Veterans Commission service officer locations can be found on the following pages as well as online at [www.mvc.dps.mo.gov/service/serviceofficer](http://www.mvc.dps.mo.gov/service/serviceofficer). If a Veteran does not have access to the internet, they may call toll free 1-866-VET-INFO or 573-751-3779 and a Missouri Veterans Commission employee will assist them in finding their local Veterans Service Officer.

*To connect with the local Missouri Veterans Commission-Veterans Service Officer, call the regional office that serves your Veterans county.*

## **Behavioral Health**

Given the nature of the military's mission, serving in the military can be hazardous both during peacetime and conflict. Some of the frequently reported behavioral health issues within the military community include: Post Traumatic Stress Disorder (PTSD), substance use disorder, suicide and depression to name a few. **Screening for behavioral health issues with all service members and Veterans you encounter is highly encouraged.**

### **VA Resources**

#### **Veterans Crisis Hotline**

800-273-8255, press 1

The Veterans crisis line is a toll-free, confidential resource that connects Veterans in crisis and their families and friends with qualified, caring VA responders. More information about this service can be found by visiting: [www.Veteranscrisisline.net](http://www.Veteranscrisisline.net).

#### **VA Regional Medical Centers and Clinics**

VA provides a Medical Benefits package to all enrolled Veterans. This comprehensive plan provides a full range of preventive outpatient and inpatient services within the VA HealthCare system. Also, once a Veteran enrolls in the VA's HealthCare system, they can be seen at any VA facility across the Nation.

#### **VA Healthcare Enrollment**

VA enrollment requires a Veteran to complete a VA Form 1010-EZ. To obtain an application, Veterans can visit the VA Health Benefits application site at <https://www.1010ez.med.va.gov/>.

A Veteran is encouraged to complete the VA Form 1010-EZ if any of the following applies to them:

- The Veteran does not know if they are eligible for VA Healthcare
- The Veteran is enrolled with the VA but needs to update their financial information
- The Veteran was previously ineligible for VA due to income limits
- The Veteran was told they were not eligible for VA benefits but does not understand why

Eligibility is based on many factors including when the Veteran served, length of active duty, and military discharge type; only the VA can provide accurate information about eligibility. Completing a VA Form 1010-EZ prior to release ensures problems with enrollment can be addressed and VA Healthcare and services can begin immediately upon release.

Veterans with a Veteran Identification Card (VIC) from the VA who will be returning to the same VA facility where they previously received Healthcare services are not required to complete the 1010-EZ. They may be asked to update their Means Test (financial income information from the previous year) if the VA Enrollment was not based on a Purple Heart, Prisoner of War status or the Veteran does not have a Service Connected Disability. If the Veteran will be using a different VA Healthcare facility, completing a new 1010-EZ will expedite receiving VA services at the nearest new VA Healthcare facility.

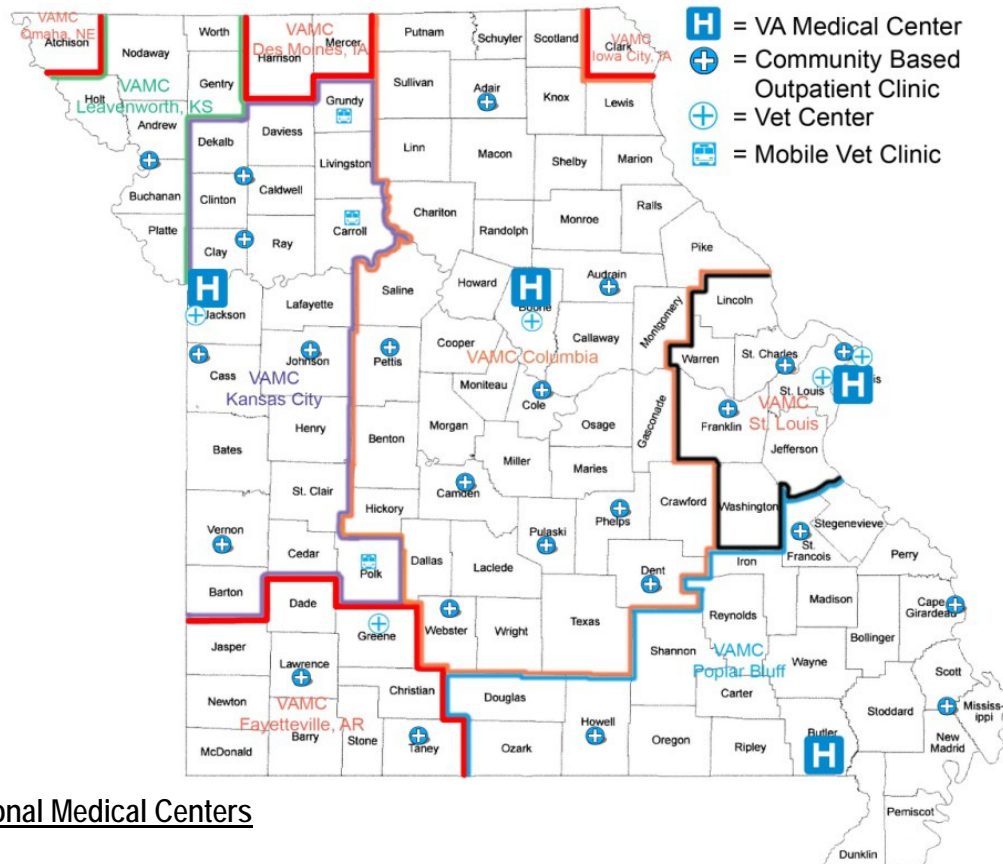

#### **Mental Health Residential Rehabilitation and Treatment (MH-RRTP) Programs**

MH-RRTPs provide state of the art, high quality residential rehabilitation and treatment services for Veterans with multiple and severe medical conditions, mental illness, addiction, or psychosocial deficits.

The MH-RRTP identifies and addresses the goals of rehabilitation, recovery, health maintenance, improved quality of life, and community integration in addition to specific treatment of medical conditions, mental illnesses, addictive disorders, and homelessness. The residential component emphasizes incorporation of clinical treatment gains into a lifestyle of self-care and personal responsibility.

**Addictions Treatment and Mental Health Services**

The VA offers a wide variety of supports and treatment services to Veterans needing to address their concerns related to addictions and mental health. VA medical center locations are listed on the next page.

## **Brain Injury**

### **VA Polytrauma/TBI System of Care**

The Veterans Health Administration has a Polytrauma System of Care to treat and care for Veterans with TBI alone or in combination with other injuries and health conditions.

Depending on their health care needs, Veterans with TBI can receive treatment at one of the specialized rehabilitation programs in the Polytrauma System of Care, or they can seek treatment through their local VA Medical Center or community healthcare providers.

Treatments for TBI focus on the symptoms that cause most problems in everyday life. These can include:

- ▯ Medications;
- ▯ Learning strategies to deal with health, cognitive, and behavioral problems;
- ▯ Rehabilitation therapies (such as physical therapy, occupational therapy, speech-language therapy);
- ▯ Assistive devices and technologies.

If you have concerns about brain injury, visit your local VA medical center. VA medical center locations can be found Health section of this guide, page 27.

### **Missouri Brain Injury Resources**

#### **DHSS Adult Brain Injury (ABI) Program**

The ABI Program assists Missouri residents, ages 21 to 65, who are living with a traumatic brain injury (TBI). Through service coordination, the program links individuals to resources to enable each person to obtain goals of independent living, community participation and employment. Individuals who meet financial eligibility requirements may also receive community-based rehabilitation services to help achieve identified goals. Rehabilitation services include counseling, vocational training, employment supports and home- and community-based support training. The ABI Program is neither an entitlement program nor entitlement to lifelong care and treatment.

Service Coordination includes:

- ▯ Evaluation and assessment of needs, information and education regarding the causes and effects of TBI, and prevention of secondary clinical conditions;
- ▯ Development of a service plan;
- ▯ Assistance in locating and accessing medical care, housing, counseling, transportation, rehabilitation, vocational training, and cognitive/behavior training;
- ▯ Regular evaluation and updates of the service plan.

*Service Coordination is provided to participants regardless of financial status.*

Rehabilitation services are available to individuals who are eligible for the ABI Program, and whose income is at or below 185 percent of Federal Poverty Guidelines. The ABI Service Coordinator will assist the participant to apply for any other payment resources before submitting requests for use of ABI Program funds.

Rehabilitation Services includes:

- ▯ Neuropsychological Evaluation and Consultation
- ▯ Adjustment Counseling
- ▯ Transitional Home and Community Support
- ▯ Pre-vocational/Pre-employment Training
- ▯ Supported Employment/Follow Along

## **Employment**

The VA and Missouri supports Veteran employment through different programs. These are statewide resources but understand that many communities provide support to service members and Veterans.

### **VA Services**

#### **Compensated Work Therapy (CWT)**

Compensated Work Therapy helps unemployed. Veterans gain work experience and pay working at the VA. The program provides a supportive working environment for Veterans with disabilities that impede occupational functioning. Vocational development is based on competitive work experiences and job choice and supports are based on Veterans' preferences and needs.

#### **Transitional Work Experience (TWE)**

Work for pay program with local businesses, a natural bridge to competitive employment for the company and the Veteran. Provide personal assistance with continued employment case management. Find the "best fit" between a Veteran seeking employment and an employer partner who wants to hire a service member with military experience that compliments their civilian employment.

#### **Supported Employment Program (SE)**

The SE Program provides employment services to Veterans with psychosis and other serious mental illness. SE services are integrated with Mental Health services to assist Veterans with obtaining and maintaining competitive employment. Veterans will receive assistance with designing individualized employment goals and supports based on their strengths, needs, abilities, and preferences.

### **Missouri Services**

#### **Disabled Veterans Outreach Program (DVOP)**

Disabled Veterans Outreach Program (DVOP) specialists provide services to meet the training and employment needs of disabled and other eligible Veterans. Emphasis is directed toward serving those who are economically or educationally disadvantaged, including homeless Veterans, and Veterans with barriers to employment.

DVOP staff utilizes a broad network of providers and resources to help eligible Veterans overcome barriers and achieve employment goals. The program promotes and develops on-the-job training, apprenticeships, and other training opportunities in both the private sector and within federal job training programs offered by community agencies and organizations. DVOPs are located in every Missouri Job Center through the state. It is recommended you call you in advance since their job requires frequent traveling. To find the nearest Missouri Job Center, visit their website at <https://jobs.mo.gov/career-centers>.

## Health

Service members and Veterans may have access to VA health care. The following is information about eligibility and programs available with the VA.

### VA Regional Medical Centers and Clinics

VA provides a Medical Benefits package to all enrolled Veterans. This comprehensive plan provides a full range of preventive outpatient and inpatient services within the VA HealthCare system. Also, once a Veteran enrolls in the VA's HealthCare system, they can be seen at any VA facility across the Nation.

### VA Healthcare Enrollment

VA enrollment requires a Veteran to complete a VA Form 1010-EZ. Download the form at <https://www.va.gov/vaforms/medical/pdf/1010EZ-fillable.pdf>. There are a few ways to enroll:

- ▢ Ask VA to help you fill out the form by calling us at 1-877-222-VETS (8387).
- ▢ Contact the Enrollment Coordinator at your local VA health care facility (locations listed on next page).
- ▢ Contact a National or State Veterans Service Organization (see chapter 1 Compensation Benefits)

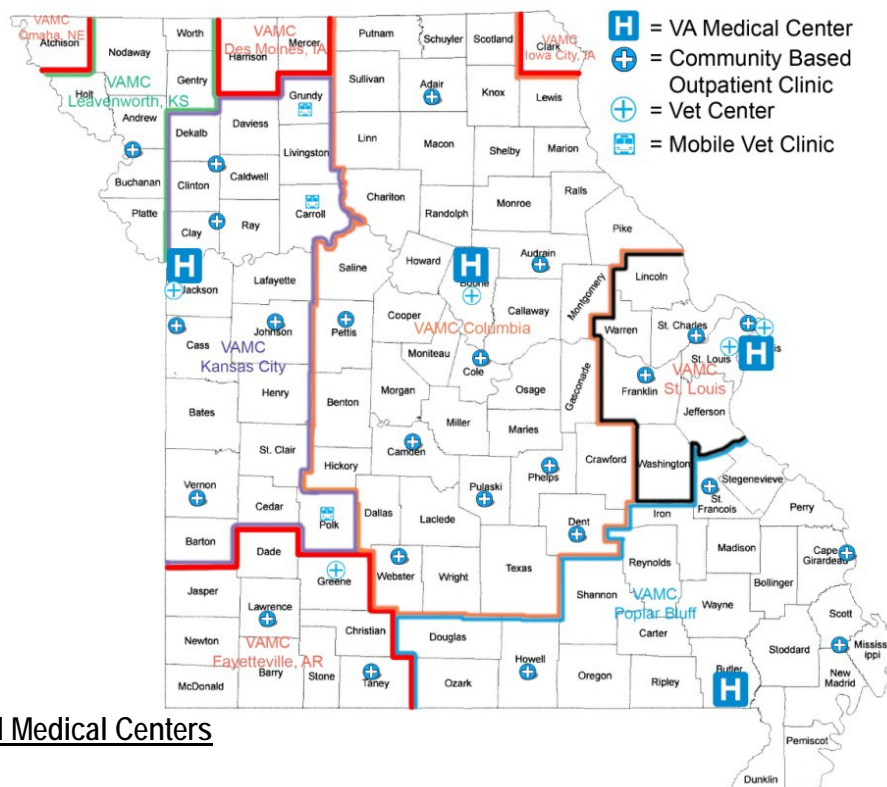

A Veteran is encouraged to complete the VA Form 1010-EZ if any of the following applies to them:

- ▢ The Veteran does not know if they are eligible for VA Healthcare
- ▢ The Veteran is enrolled with the VA but needs to update their financial information
- ▢ The Veteran was previously ineligible for VA due to income limits
- The Veteran was told they weren't eligible for VA benefits but doesn't understand why

Eligibility is based on many factors including when the Veteran served, length of active duty, and military discharge type and only the VA can provide accurate information about eligibility. Completing a VA Form 1010-EZ prior to release ensures problems with enrollment can be addressed and VA Healthcare and services can begin immediately upon release.

If a Veteran has a Veteran Identification Card (VIC) from the VA and will be returning to the same VA facility where they previously received Healthcare services they are not required to complete the 1010-EZ. They may be asked to update their Means Test (financial income information from the previous year) if the VA Enrollment was not based on a Purple Heart, Prisoner of War status or the Veteran doesn't have a Service Connected Disability. If the Veteran will be using a different VA Healthcare facility, completing a new 1010-EZ will expedite receiving VA services at the nearest new VA Healthcare facility.

### **Veterans Dental Benefits and Eligibility**

VA offers comprehensive dental care benefits to certain qualifying Veterans. To better understand if you are eligible for VA dental care, take a look at the [Dental Benefits for Veterans](#) document, as well as checking out [What VA dental care benefits do I qualify for?](#) If eligible but not yet enrolled in VA health care, you can apply online using the [Apply for health care benefits](#) webpage. If not eligible, Veterans enrolled in VA health care can purchase dental insurance at a reduced cost through the [VA Dental Insurance Program](#) (VADIP). See also the "Not Eligible?" section below for more information.

*If you are a Veteran who has recently served (e.g. OEF/OIF/OND), you may be entitled to a one-time course of free dental care, but you must apply for dental care within 180 days of your discharge (under conditions other than dishonorable) from a period of active duty of 90 days or more.*

For more information about the Veterans Affairs Dental program visit <https://www.va.gov/DENTAL/index.asp>

## Housing

*"Housing problems, including homelessness, are common among individuals leaving the corrections system. They tend to have limited or low incomes, and, often due to their criminal history, lack the ability to obtain housing through the channels that are open to other low-income people. As a result, one in five people who leave prison becomes homeless soon thereafter, if not immediately."*

*National Alliance to End Homelessness*

### VA Homeless Veterans Initiative

Each VA facility in the State of Missouri has a Homeless Veterans Program Coordinator. The VA's homeless program provides multiple services to address the needs of Veterans who are homeless. ### VA Housing Programs

Each VA Medical Center has a *Health Care for Homeless Veterans (HCHV)* program. They have knowledge about housing choices near the Veterans location. Depending on the circumstances, housing may be available the day the Veteran arrives in their community. The VA offers a variety of housing supported programs for Veterans designed to support their individual needs. The Veteran should contact the nearest VA Medical Center and ask to speak with the Homeless Veterans Coordinator to get enrolled into any programs they may be eligible for. The following programs are available under the VA's HCHV program.

### Grant & Per Diem (GPD) Housing

GPD housing promotes the development and provision of supportive housing and/or supportive services with the goal of helping homeless Veterans achieve residential stability, increase their skill levels and/or income, and obtain greater self-determination. ***\*\*Veterans ineligible for VA HealthCare enrollment may still be eligible to receive GPD housing when available.***

### Health Care for Homeless Veterans Contracts (HCHV)

HCHV provides emergency housing, shelter and treatment through local community providers. Local VA facilities contract with community agencies for beds which are available to Veterans enrolled in the VA HealthCare system.

### Supportive Services for Veteran Families (SSVF) Grants

SSVF grants are provided to non-profit organizations to assist homeless and at-risk of homelessness Veterans and their families to maintain or return to permanent housing. ***\*\*Veterans ineligible for VA HealthCare enrollment may still be eligible to receive SSVF assistance if available.***

### VA Supportive Housing (HUD-VASH) Program

HUD-VASH is a joint effort between HUD and VA to move Veterans and their families out of homelessness and into permanent housing. HUD provides housing assistance through its Housing Choice Voucher Program (Section 8) that allows homeless Veterans to rent privately owned housing. VA offers eligible homeless Veterans clinical and supportive services through its healthcare system.

### Homeless Veterans Hotline 877-424-3838

The homeless Veterans hotline is a National Call Center for Homeless Veterans to ensure that homeless Veterans or Veterans at-risk for homelessness are linked to the proper resources available to them in their area. ***Understand that this number will connect you with the nearest VA Homeless Veterans Program Coordinator. It may be easier to use the contact on the previous page instead of calling the hotline.***

### Missouri Housing Programs

#### Missouri Department of Mental Health Housing Program

The DMH Housing Unit coordinates both state and federal funds to provide direct rental assistance to individuals and families with mental illness, substance use disorders, developmental disabilities, and HIV/AIDS who are homeless or experiencing housing crisis. This may also be an option for Veterans who are not eligible for VA services. For more information visit <http://dmh.mo.gov/housing/>.

## The Military Culture

The military community has a rich and distinct culture. Learning about this culture can help build therapeutic relationships and potentially improve the outcomes of your work.

### Screening for Military History

Learning about a service member's or Veteran's military history can open the door for benefits including VA healthcare and other resources. During the initial intake, ask all clients:

#### **Have you or a family member ever served in the military?**

*Asking whether your client has close family members who have served in the military can, 1) lead to a deeper understanding of the client's family context, and 2) allow you to assess whether family functioning could benefit from connection with relevant resources.*

Once you have determined there is a military background, follow up questions can be asked to help you understand potential needs and barriers to resources. Please visit the *VA Community Provider Toolkit* for Military Screening Questions at:

[http://www.mentalhealth.va.gov/communityproviders/docs/Military\\_Service\\_Screening.pdf](http://www.mentalhealth.va.gov/communityproviders/docs/Military_Service_Screening.pdf)

### Military Culture Training

The Missouri Department of Mental Health's – Veterans Services has partnered with the *PsychArmor* Institute to provide **free online military culture education** for healthcare providers to engage with service members, Veterans and their families.

This certificate allows healthcare providers, who understand the value of cultural awareness in military and Veteran issues relevant to their practices, to showcase their commitment to better care for our heroes and their families. To register visit [www.dmh.mo.gov/veterans](http://www.dmh.mo.gov/veterans) and look in the *For Clinicians* section.

Another way to learn about the military community is to participate in events hosted by service veteran organizations within your community. Here are links to some of the larger veteran organizations in Missouri and their post directories:

- **Veterans of Foreign Wars (VFW).** The VFW membership have all been honorably been discharged from the U.S. Armed Forces and have earned an overseas campaign medal.  
<https://www.vfw.org/find-a-post>
- **American Legion (The Legion).** The American Legion membership is based upon honorable service with the U.S. Armed Forces. To be eligible, a veteran must have served during war time.  
<https://www.missourilegion.org/>

## Social Support

There is a unique bond between members of the military community. They are part of a team, interdependent of each other. Reaching out to social support networks can connect them with people that have a shared experience.

**Veterans Service Organizations.** These are military veteran organizations that offer direct services to military veterans. Some organizations provide opportunities for community service projects. The following is a partial list of organizations in Missouri and their contact information (in alphabetic order):

**American Legion.** Membership need to have been assigned to at least one day of federal active duty service any time during the eligibility periods as determined by U.S. Government, and received an honorable discharge/discharge under honorable conditions, or currently serving in one of the U.S. Armed Forces. The American Legion hosts job fairs; they assist veterans through projects like Operation Comfort Warriors (OCW) which turns financial donations into gifts that ease with recovery; supporting youth programs; there are family activities; the Legion Riders which raises money and awareness for Legion programs and more. To find the chapter in your community and to learn more about the American Legion visit their site [www.legion.org](http://www.legion.org)

**American Veterans (AMVETS).** AMVETS (or American Veterans) has a proud history of assisting veterans and sponsoring numerous programs that serve our country and its citizens. Membership in AMVETS is open to anyone who is currently serving, or who has honorably served, in the U.S. Armed Forces from World War II to the present, to include the National Guard and Reserves. [www.amvets.org](http://www.amvets.org)

It is specifically a combat decoration. [www.purpleheart.org](http://www.purpleheart.org)

**Veterans of Foreign Wars.** Members must be a U.S. citizen; must have served in the Armed Forces of the United States and either received a discharge of Honorable or General (Under Honorable Conditions) or be currently serving; and Service in a war, campaign, or expedition on foreign soil or in hostile waters. ## Transportation for Medical Appointments

The resources listed here are to assist Veterans with transportation to medical appointments.

### Missouri Department of Health and Senior Services (MO DHSS)

The MO DHSS maintains a Transportation Services Catalog. This resource can help locate free or low cost transportation resources available to assist with medical appointments. Each service may have requirements including specific payers, days, locations and routes. For the current list visit <http://health.mo.gov/atoz/pdf/transportationservices.pdf>

### DAV Transportation Network

Because so many sick and disabled Veterans lack transportation to and from VA medical facilities for needed treatment, Disabled American Veterans (DAV) operates a nationwide Transportation Network to meet this need. Through the Transportation Network, DAV volunteers drive sick and disabled Veterans to and from VA medical facilities for treatment. Since the DAV Transportation Network is staffed by volunteers, it is unable to cover every community. ***You must schedule several days in advance to use this service, how far in advance varies per location.*** Please use the following contacts at Missouri's VA medical centers to see if transportation is available in a specific geographical area:

## Veteran Justice Outreach Program

*If you are looking to connect a justice-involved veteran with VA services, your first step should be to connect with the Veterans Justice Outreach (VJO) Program.* The Veteran Justice Outreach Specialist can assess the Veteran's health care needs and identify the appropriate VA and non-VA services.

The VA's Veteran Justice Outreach Program partners in four critical areas of the justice system: Courts; Law Enforcement; Jails; and Federal, State and Private Probation/Parole Offices.

What a VJO can do:

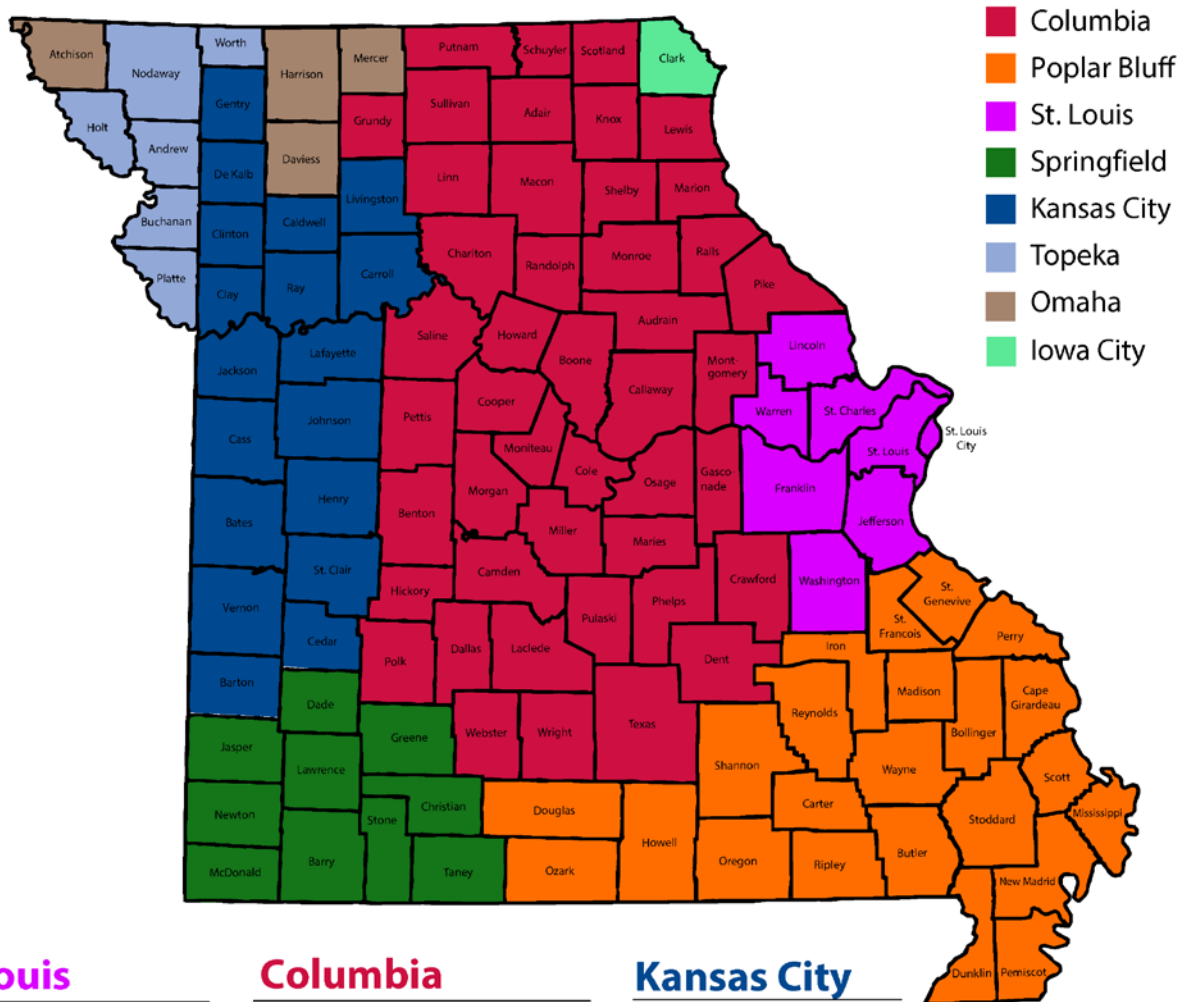

- Serve Veterans of all eras
- Assess the Veteran's health care needs and identify the appropriate VA and non-VA services
- Refer and link Veteran to comprehensive health care services
- With Veteran consent, communicate essentials (attendance, progress, treatment, testing, discharge plan)
- Function as a court team member

What a VJO cannot do:

- Perform forensic psychiatric-psychological evaluations for the court
- Accept custody
- Guarantee program acceptance
- Write lengthy court reports, complete diversion paperwork
- Advocate for legislation
- Serve VHA ineligible Veterans
- Decide criminal justice criteria for Veterans Court participation or decide who gains admission to specialty treatment court

To connect with a VJO in your community, use the map on the following page.

## Preparing for Release

Both the Veterans Affairs and Missouri Veterans Commission have Reentry programs that can assist Veterans leaving incarceration.

### VA Programs

#### **Veterans Affairs Health Care for Re-entry Veterans (HCRV) Program**

The VA Health Care for Re-entry Veterans (HCRV) Program is designed to address the community re-entry needs of incarcerated Veterans. HCRV provides information to Veterans while they are incarcerated so they may plan for re-entry themselves. HCRV services include:

- Outreach and pre-release assessments services for Veterans in prison
- Referrals and linkages to medical, psychiatric, and social services, including employment services upon release
- Short term case management assistance upon release

The Missouri HCRV specialist for Missouri is currently vacant but the position is expected to be filled soon.

#### **VA Service Connected Disability Compensation and VA Pension**

If a Veteran has been awarded a Service Connected Disability benefit or VA Pension, the amount may have been suspended or reduced to a 10% payment level while the Veteran has been in custody. If the Service Connected Disability Compensation is at the 10% level, the benefit the Veteran received while incarcerated is half of what they received prior to incarceration.

To reactivate the benefit, the Veteran should complete a VA Form 21-4193 to the Veterans Benefits Administration. The Veteran can do this with the assistance of the Incarcerated Veterans Re-Entry Coordinator. The Veterans Benefits administration will allow this form to be submitted up to thirty days prior to release to help with expediting reactivation of VA Disability Compensation.

In the event, that an overpayment occurred during incarceration, the Veteran will be required to repay the overpayment or receive an approved re-payment plan with the Veterans Administration before any benefits will restart. This issue can be addressed with the help of the Incarcerated Veterans Re-Entry Coordinator.

See the next page for a listing of common reentry needs.

This table is offered to assist a Veteran by listing common needs during reentry and to keep track of resources. Please feel free to copy this page for the Veterans you are working with.
